

# GIVE BACK TO THE YELLOWSTONE

## BUSINESS PARTNERSHIP OPPORTUNITIES

### WHY A PARTNERSHIP MAKES PERFECT SENSE

**If your business benefits from this river—or believes in protecting the places that make our community thrive—this partnership is for you.**

The Yellowstone River is central to Montana's ecology, identity and economy and it's under pressure from a multitude of factors. Montana Freshwater Partners is here to help bridge the gap between the impacts and the solution. We are the only organization dedicated to restoring and protecting the Yellowstone and its tributaries. Since 2011, we've worked side-by-side with landowners, local businesses and communities to create projects that deliver ecological gains and real benefits for the people who live and work here.

MONTANA  
**FRESHWATER PARTNERS**

### MONTANA FRESHWATER PARTNERS

is a 501(c)(3) nonprofit based in Livingston, MT that works to preserve and restore streams and wetlands on the Yellowstone River and throughout the state of Montana.

Our vision is to restore healthy and resilient aquatic ecosystems—today, tomorrow, and for generations to come.
